

Mindess School Building Project Design Update Presentation

The Mindess School Building Committee (SBC) invites the community to a presentation and discussion reviewing the shortlist options considered and the SBC's recommended preferred option. This is an opportunity for community members to provide feedback to the SBC prior to submission to the Mass. School Building Authority (MSBA) for their approval.

Location & **NEW DATE:**

Tuesday, April 7, 2020

6:00-8:00 pm

Forum held online, see official posting for details.

This forum is the fifth in a series of community forums as part of the Feasibility Study conducted in partnership with the Massachusetts School Building Authority (MSBA).

The community is encouraged to share their thoughts on the development of the project, hear about the selected 3-5 grade configuration, review the shortlist of design options that were considered and the recommended preferred option. Contribute to the conversation and help shape the future of elementary education in Ashland.
